

# SHOULD I GO TO A CODE FOR AMERICA HACKATHON?

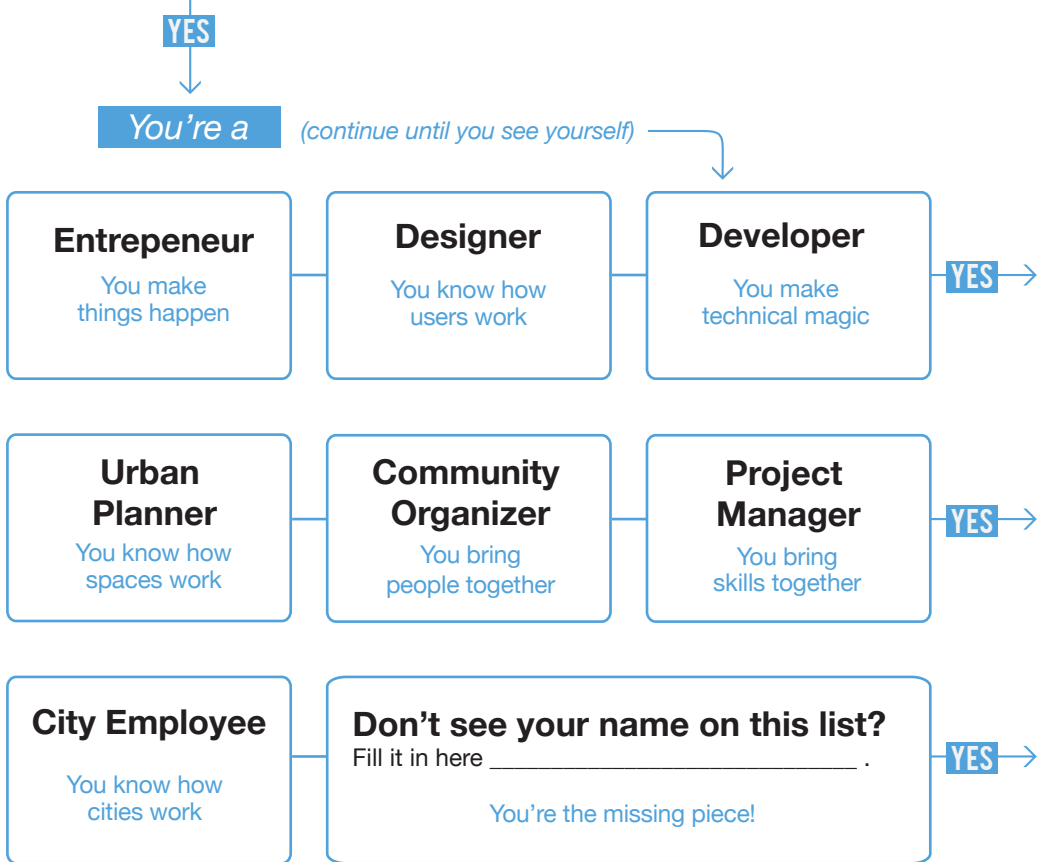

## 1 DO YOU LIVE IN A CITY?

## 2 DO YOU THINK YOUR CITY COULD BE BETTER?

## 4 DO YOU KNOW STUFF?

**YES** YOU SHOULD ABSOLUTELY COME TO A HACKATHON.

### What is a hackathon anyway?

It's an event where people can get together and use technology and their collective skills to build solutions and solve problems around a common theme.

There's food, great people working together, people who like to explain things, and networking opportunities.

It's an opportunity to do good, make a difference with skills you know, hone some you've forgotten, and maybe even acquire some new ones.
